RALEIGH, N. C., TUESDAY MORNING, FEBRUARY 3, 1874.

OLINA. SENATE.

FORTY-SEVENTH DAY'S PROCEEDINGS.

Monday, Feb. 2. The Senate met yesterday at 11 o'clock. Journal of Saturday read and ap-

proved. Mr. Miller was granted leave to record his vote in the affimative on the consolidation bill and election bill. Reports from a number of Standing Committees were submitted.

Bills, Petitions and Resolutions. By Mr. Todd, a petition from citizens of Ashe, praying a change of township lines. Referred. By Mr. Ellis, of Columbus, a bill with accompanying petition to in-corporate the town of Elizabeth. Re-of the bill.

By Mr. Todd, a bill concerning the establishment of roads. Referred. By Mr. Nicholson, a resolution providing for night sessions every night till adjournment. Adopted. Messages Received.

From the House several bills and resolutions asking the concurrence of the Senate &c., among which was a resolution in regard to adjournment, asking that a joint committee, three on the part of the Senate and five on the part of the House, to examine the calendars and report the earliest day at which this General Assembly can adjourn compatible with the interest of the State.

Mr. Seymour offered an amendment providing for the sine die adjournment on Monday, the 16th of February.

Messrs. Cunningham and Waring opposed the resolution and favored the 9th of February as the day. a e, between the residence of Mes Jane Messrs. Miller and Morehead, of Guilford, fayored the amendment of finder will be suitably rewarded by leaving Mr. Seymour. it with the Sexton of the Presbyterian

al. Referred. on the Marion and Asheville Turnpike road was taken up. The bill provides for the payment of 60 per cent. of the amount due to contractors on the road for work done, some \$8,000. Mr. Jones, of Caldwell, took the floor and g; ve a full explanation Messrs. Houston and Bowman also

favored the bill. On motion of Mr. Bennett the further consideration of the bill was postponed until Wednesday at 11:30. By Mr. Bennett, a resolution in favor of Hon. Josiah Turner, Jr., paying \$199.22 for public printing. Referred.

Special Order. The bill, entitled an act to raise revenue was taken up as the special order and considered by sections.
Section 1, provides for an ad valorum tax of 20 cents on real and personal property.

Mr. Brown move to strike out "20 cents" and insert "16 cents," which was adopted by a vote of 76 to 16. Section 3, chapter 1, provides for a special tax of 6 cents on all the taxabie property of the State for the support of convicts in the Penitentiary and the erection of the outer wall. Mr. Gidney moved to strike out "6" and insert "8."

Mr. Settle opposed the amendment. The amendment was rejected.
Section 2, of Schedule "B," taxes each concert or musical entertainment and lecture \$5. On motion of Mr. Jones, of Caldwell, an amendment was adopted which exempts concerts and entertainments for religious or charitable purposes from the tax.

per cent. on all liquors, malt, &c. made in or out of the State.
Section 11, provides for a license, tax of \$25 per annum on dealers in spiritous liquors in quantities less than a quart, and \$15 for dealers in malt liquor.

Section 10, provides for a tax of 5

Section 12, taxes merchants, jewlers, grocers, druggists, & of one per cent. as a privilege tax on the total amount of purchases in or out of the State for cash, or on credit, &c., except such as are specially taxed else-Section 17 provides that every Com-

mission Merchant shall pay & of one per cent. on his sales, except in sales of liquors, then a tax of 5 per cent. on his sales shall be paid. Section 24 provides that banks, bankers, and insurance companies

shall pay a tax of 5 per cent. Section 25 provides that insurance companies incorporated outside of the State and doing business therein shall pay an annual tax of 2 per cent. on gross receipts derived from premiums, &c., unless the agent of such company shall exhibit to the Governor, Auditor and Treasurer a sworn statement of investments in real property situated in this State or loans secured by mortgage to citizens of this State of an amount equal to one-half of such gross receipts, then the tax shall be 1 per cent.

Section 1, schedule "C," provides for a tax of 2 per cent. on the gross receipts of Express Companies. Section 2, provides a tax of 2 per cent.on the gross receipts of Telegraph

Companies. After the adoption of all the sections the bill passed its second reading by a vote of yeas 67, nays 20. Adjourned,

OUR CHURCHES SUNDAY. - Despite the threatening clouds that hung over the city, our various houses of worship were all well packed with large congregations on Sunday. At the Presbyterian Church Rev. Dr. Wharey, of Virginia, occupied the pulpit both morning and evening, and his able discourses were in perfect accord with his well earned reputation.

The Edenton Street Methodist, the pulpits were filled by their respective

The Salisbury Street Baptist pulpit was filled in the morning by Rev. Mr. Jordan, of Hillsboro, and in the afternoon an experience meeting was held in the lecture room of the sions, offered by Mr. Nicholson, was church, when a number of young converts came forward and made some forcible and impressive remarks which the yeas and nays were called, in regard to their conversion, &c. At night, after the regular services, the pastor, Rev. Dr. Pritchard, administered the solemn right of baptism in accordance with the prescribed mode of this church, viz: by immersion, to eleven candidates. The revival at this church still continues with unabated interest.

MAYOR'S COURT.—Jennie Sumpter and Belle Matthews, whose names | bandry, will assemble in this city on are as familiar in our Court proceed- the 18th instant, and remain in sesings as household words, were for the ninety-seventh time, before Mayor | made rapid progress in North Caroli-Whitaker yesterday, charged this na, numbering near about 170 time with an assault upon each other.

Sentence of the of the Patrons is expected, at least Court-ten days imprisonment in the | 400 members. We learn that Raleigh county jail.

A United States soldier, with a readers pronounce if it was written, on the street Sunday night.

Almost an Accident.—Our punctual correspondent, "C. E. P.," at Selma, writes us as follows: "Saturday night, a mile below this place, a most determined effort was made to throw the freight train (going east) from the track. Three or four railroad sills and some cord-wood was so arranged on the track that the engine struck the sills endwise, and some of them were so firmly wedged under the engine that they were car-

THE LEGISLATURE AND PROF. KERR'S VIENNA EXHIBITION.—The Legislature last week had under consideration the question of appropriating \$1,277.65 to defray the expenses incurred last summer by Prof. Kerr in making a geological exhibition at | College, and is a most remarkable Vienna from North Carolina. The Professor was last winter authorized to make the exhibition at Vienna, providing the expenses should be paid out of the fund appropriated annually for geological purposes. Prof. Kerr reported that this was impracticable, and a number of gentlemen advanced 1. Referred.
The bill in favor of the contractors on the Marion and Asheville Turnhim the money necessary, and it was this amount the Legislature was asked to appropriate. The Senate never was sick, always hopeful, and voted the appropriation and a resolution of thanks to the gentlemen who advanced the money. When the bill reached the house, however, violent opposition was exhibited, upon the ground that the Professor had exceeded the powers granted him by the Legislature, and the following minority report of the Committee to whom the matter had been submitted was adopted, which kills the of work, genial in disposition, re-

measure: "The undersigned, a portion of the Committee on Claims, to which was referred Senate resolution appropriang \$1,277.65 to defray the expenses of Prof. W. C. Kerr to the Grand Exhibition at Vienna, not being able to agree with a majority of their colleagues on the Committee, beg leave respectfully to report, that in reference to a resolution ratified on the 3d of March last, it will appear that he had no authority to attend said exhibition, and that although it may be readily admitted that ulterior benefits may be derived thing. He has drawn all the plans therefrom (of which they are not at present prepared to determine), still they feel it to be a building for less money than has ever duty paramount to every other consideration to hold public officers strictly accountable for violations of law. For if they are permitted to draw from the treasury the people's dence with other institutions and money in violation of law a feeling literary societies, and after all that of insecurity will be felt by the peo-ple throughout the whole State. They think that it is high time that the Legislature, as the law-making power, shall see, as far as practicable, that the law is strictly enforced. For if those who make the law will not enforce it, when violated by their own agents, and if men appointed to execute the law, and who live by read up with the times. He preaches the emoluments of office, may violate it with a high-hand and go unrebuked, what may we expect from the masses, who are less well in-structed and who have a remote in-remarkable men the age has proterest in the matter. In this case it is admitted by Prof. Kerr himself that \$1,000 was expended in making preparations for the exhibition referred to in violation of law, and that it all the Justices present. was taken from a fund set apart for another purpose, his excuse being that he was advised to do it by men occupying high positions in society. We believe that if the resolution referred to is adopted it will be setting a precedent highly detrimental to the public weal, and therefore respectfully recommend that it do not pass."

Economy.-Welike the word. Under certain circumstances it is a noble virtue. It is a most excellent trait either in individual character or gov ernment. But like a great many other virtues, its quality may be strained to such a degree as to approach the hideousness of vice. The mood to moralize on this quality is induced by observations in the Capitol builnidg In this stately and shapely pile are numerous evidences of a mal-practice of this virtue. It is suggested in a number of ways. It is written all over the walls, ceilings and floors. It hovers over the deliberations of the General Assembly and savagely stares in the face of the memberand visitor. Do you wish a drink of water! Go to the ponderous and unsightly washtubs, where the members are wont to slacks their thirst, and the ghost of the abused virtue peers at you through the dusty surface of the water, and its presence is detected in the slimy sides of the tub, and if you venture to lift this dirty, floating curtain the stomach protes s in an unmistakable manner at the presence of the dregs which reposes in all the coziness of the flith at the bottom. Is the day a cold one! Then you

need not go into the galleries or even upon the floor of either of the Houses indulging the hope that Person Street Methodist, Christ's anything like comfort will greet you. Episcopal and St. John's Catholie No warming apparatus or other No warming apparatus or other means of distributing health-giving heat is here to cheer your stay or induce another visit. "Economy" is shrilly whistled by the icy winds of winter through the open doors, and evening by Rev. Mr. Ivey. In the an atmospheric frigidity occupies every inch of space beneath their lofty and carved ceilings. Is the day even damp! The very walls shed copious tears over the mockery of the meaning of the word in question. The dirty, smoke-dried columns, smutty walls and torn and patched carpets, with hideous rents, all join in the protest against a continuation of this living slander upon a virtue which so adorns when properly practiced and so deforms when strained into parsimony. MEETING OF THE STATE GRANGE.

-The State Grange, Patrons of Hussion several days. The order has Grange, No. 17, the largest organization of the order in the State, has apname that we could not spell, or our | pointed a Special Committee of its prominent members to make suitable was fined \$5 for creating a disturbance | arrangements for the meeting of the State Grange-every facility for a pleasant meeting will be made. The Railroads leading into this city, indeed throughout the State, have made liberal rates for the "transportation" of the Grangers. We expect to see an able body of planters representing every section of our noble old North Sate at this meeting. We extend to them a hearty welcome.

THE NATIONAL HOTEL.—This elegant building is, we learn, to be opened at once by Col. C. S. Brown, ried an eighth of a mile, and the en-gine had to be "jacked up" to get Col. Brown is one of the most popu-

NO 128.

REV. B. CRAVEN, D. D .- The following is taken from the Winston Sendinel of a recent date: "The well known gentleman whose

name heads this article is the President, founder and builder of Trinity man in almost every sense of the word. Left at ten years of age without any one to help, guide or direct him, he has managed his own affairs, and has certainly managed them well. He is now fifty years old, weighs one hundred and sixty-five, whiskers grayish, hair black, vigorhas perhaps done more study and work than any man of his age. He has three times been elected by overwhelming majorites to the General Conference of the M. E. Church, and has more than once declined the Presidency of State Universities and other Institutions with a salary in some cases as high as \$10,000. In manspectful to an opponent, and never forsakes a fr.end. In all departments of college, and on all subjects, he is perfectly at home; it would be difficult to find any author of note with whom he is not familiar; he reads with amazing rapidity and never forgets anything he reads, hears or sees. In College he lectures every day on Theology, Law, Metaphysics to the Senior class, Logic or Rhetoric to the Juniors, conducts general reviews and many other things. He directs the business of the College, does the correspondence and manages every

been done in this country.

He is Secretary of the North Carolina Conference, publishes the minutes, conducts a large correspondence with other institutions and does more business for the citizens, such as writing contracts, deeds, &c., than any other man in the community. After doing all this work and doing all with such sagacity and vim that he has never failed in any thing, the Dr. has time to make social life pleasant, make his friends comfortable and keep thoroughly every Sunday, and though he has preached at Trinity thirty years, he continues to increase in popularity, and is emphatically one of the most duced.

SUPREME COURT.—The Court met at the usual hour yesterday morning,

The Tenth District was taken up and the following cases disposed of: Commissioners of Catawba vs. Geo. Setzer, from Catawba. D. Schenck. McCorkle & Bailey for plaintiffs, M. L. McCorkle for defendant. Rear-

John F. Logan vs. J. C. Plummer, from Ashe. Argued. G. N. Folk, Busbee & Busbee and R. F. Armfield for plaintiff, W. P. Caldwell and J. W. Todd for defendant.

B. B. Dougherty vs. Jno. F. Logan, from Ashe. Argued. W. P. Caldwell for plaintiff, G. N. Falk, R. F. Armfield, Busbee & Busbee for defendant.

C. A. Carlton, Adm'r., vs. Washington Byers et al., from Iredell. Argued. R. F. Armfield and W. P. Caldwell for plaintiff, M. L. McCorkle, McCorkle and Bailey for defen-

THE FRIEND OF TEMPERANCE AL-MANAC.—The Friend of Temperance Almanac for 1874 has been placed upon our table by the publisher, Rev. R. H. Whitaker, of this city. This Almanae contains not only a correct chronological and time table adapted to this section, but a vast amount of useful information besides. It also contains a concise history of the order of the Friends of Temperance, from the date of its organization to Almanac contains not only a correct the present time. The organization and history of each State Council, together with the songs used in the Council rooms, and other matter of information that every member of the Order should be furnished with. The Almanae is retailed at 15 cents, but sold at the rate of \$10 per hundred. Address Rev. R. H. Whitaker, Raleigh.

LEGISLATIVE.—Saturday last the railroad Consolidation bill passed the Senate by a large majority, and was sent to the House for concurrence Mr. Cowles, one of the six that voted against the bill, attempted to get in an amendment to consolidate with the roads proposed to be consolidated, the Northwestern North Carolina railroad, and one-tenth of the proceeds of the bonds of the new corporation to be devoted to the extension of the above road through the Yadkin Valley to the Blue Ridge. The amendment failed by a very large majority. Yesterday the day was almost exclusively occupied in the Senate with the discussion of the bill for the enlargement of the Lunatic Asylum, but no vote was taken; the bill comes up to-day as unfinished business.

Mr. W. C. Stronach has sold out his entire stock of Groceries, &c., to Messrs. Wayne Allcott and J. R. Exline, who will occupy the stand of Mr. Stronach from and after to-day. The new firm will be known under the style of Wayne Allcott & Co. An inventory of the stock of Mr. Stronach is being taken, and his old customers will understand accordingly.

Dunn; No 229, Kent & to vs Cheatham.

By order of A. W. TOURGEE,

ATTENTION FARMERS:

The recent invention of J. B. UNDER-OD, of Fayetteville, N. C., is the great-LABOR SAVER OF THE AGE. With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It bars both sides, weeds, chops and dirts the cotton at the same time. After the chopping, it is converted into a most excellent

CULTIVATOR,

for use throughout the season. It has taken the Gold Medal at the Georgia tate Fair, as the most important and latest improve-ment in Agricultural Implements, and the first pr-mium everywhere it has been exhibited. It bears the highest testimonials of its thorough, practical success.

Price of Machine with attachments, \$35, and freight.
For circulars and further information,

A. G. LEE & McMACKIN,
Dealers in Agricultural Implements,
RALEIGH, N. C.
(A Sample Machine is on exhibition at
their store. Call and examine it.)

OH, WHAT A FALL THERE WAS, MY COUNTRYMEN.

Thus spoke the great Shakespeare, on mette s of far less import than the tremendous "Fail" that

WEIKEL, The Merchant Tailor, will adopt from this date, in the sale of his

fine, heavy goods of every descriptin for Gentlemen's wear. He will sell at POSITIVE cost prices for CASH,

his entire stock of Winter Cassimeres, Tweeds, &c; make them up in his usual style, and guarantee fits in every instance. The stock is entirety new, bought at a bargain since the panic, and those that would take advantage of

THIS RARE OPPORTUNITY

would do well to call at once, or as the auctioneer's say; you will lose a bargain.

The attention of the members of the General Assembly is especially called to the above announcement, as WEIKEL means what he says.

jan 27-tf.

The receipts from customs during January reached some \$13,000,000. The idea that Pomeroy is to be tried is scouted in Kansas. It is said he

knows too much. The Richmond Enquirer says, "all eyes are upon North Carolina-it is the Siam of our hopes."

Charlotte Cushman is to entertain the Richmonders next week, for which she is to receive \$500 a night. The business men and bankers of

New York continue to petition Congress against an inflation of the currency. The Ohio Legislature is considering

the question of compulsory education, with some prospect of the measure being adopted. A beautiful palace has been built at Coburg for the Duke of Edinburgh,

who is heir to that dukedom, and intends to reside there soon. A Washington special to the Petersburg News says the revenue receipts for January amount to \$97,022,-

Are not these figures rather tall, Mr. News? It would seem from late European reports that there is no little opposition in England to Gladstone. He spoke Saturday at Greenwich to 30,-

000 people. Washington advices say the probabilities are that ere long the government will be forced to resort either to an increase of taxes or a tempo-

The Indian Commissioners who believe in the peace policy, in a late report, say that, excepting the Modoc war, there has been peace since 1868, and in this case they say the peace

policy was not responsible for it. The Massachusetts Legislature wants to require the State Treasurer to give a bond of \$5,000,000. His bond hitherto has been only \$200,000. The present Treasurer has funds in his hands to the amount of two or three

Representative Mills has introduced a bill into Congress providing for the removal of all the United States soldiers in the South to the Western frontiers, where they may protect white men, instead of serving, as now, to overawe them.

The Hon. James B. Grooner, of Cecil, has been nominated for Governor of Maryland, to fill 'the unexpired term of Governor Whyte. The Baltimore papers say he he will undoubtedly make a most popular and acceptable Governor.

Minister Bancroft reports that the credit of the United States is failing in Germany. He attributes the decline to the delay in bringing our currency to par, the numerous failures of railroad companies to pay their interest, and the increase of the public debt.

The Cincinnati Commercial facetiously says: "Congress never needed watching as much as now. There will be stealing by the million | struction was first forced upon them. to compensate for the "repeal" of the "grab," which leaves the back pay grabbed and the double pay untouched."

The Herald says the army and navy appropriation bill is not likely to fare well in Congress-retrenchment would seem to be the order of the day. Congressmen from the interior know little and care little about the navy, and this latter will hardly fare as well as the army.

The New Orleans Picayane recent. ly concluded an article with the folowing very plain-spoken remark: We thought it best to make this explanation, because one or two outside parties appear to think they are running this paper. We want to nip the amiable illusion in the bud.

THE cause of woman received a double blow last week. The Missouri Legislature declared that women had no right to fill school offices, and in Massachusetts the Boston School Committee declared by a vote of 46 to 45 that the seats of the women who had been elected members were vacant. This throws on the women the burden of carrying their cases to the Supreme Court. The vote would not have been so close but for the fact that all the women whose seats were in question stayed in their places and voted for their side.

THE total expense of the prosecution in the TICHBORNE trial has been over \$2,500,000 in gold, and it is estimated that half a million more must be paid out before CASTRO-ORTON-TICHBORNE is convicted and sentenced. Part of this enormous cost is due to the fact that popular clamor forced the English Government, when the claimant's funds failed, and he could negotiate no more bonds "payable six months after obtaining my estate," to guarantee the amount needed to conduct the defense as well as the prosecution.

THE U. S. Senate made a prodigious discovery a few days since-the national cash has been most lavishly expended by the press reporters and correspondents. These men of the quill, fifty-six in number, have been annually using government stationery to the value of one hundred and sixty dollars, having actually used each the present session fortytwo cents worth. The nerves of many of the Senators were shocked at this discovery-the poor reporters will doubttess be deprived of their stationery, the Treasury will be relieved of this enormous burden, the Senators will hereafter wear easy consciences, with the knowledge of hav- | ter with these scientists, but the lating done their full duty in the mat- ter declare their intention of keeping ter of retrenchment, and the army secret until their return to Philadeland navy appropriations will now phia everything that is done at Mount be made without any further trou- Airy.

THE Herald says the legislation which will be eventually shaped out of the various bills and resolutions with which Congress is flooded on the question of currency will be such as harmonizes with the interests of the national banks and is acceptable to the inflationists-that is to say, nothing will be done that will destroy the special privileges enjoyed by the one or defeat the projects of the

OUR Sunday telegram's bring the intelligence of another of those daring and outrageous railroad robberies which have occurred in some of the western and northwestern States. On last Saturday afternoon the Southern bound train on the Iron Mountain Railroad, in Missouri, was thrown on a side track at Gold Hill station, by means of a switch, and five masked and heavily armed men entered the train, robbed the passengers, mails and Express Company.

The full particulars are to be found

in our telegraphic columns. HERE is an important accision by the Supreme Court that it might be well to study. It was given recently in favor of George O. MARCY, of Boston, and confirms the validity of forty thousand dollars of Illinois town bonds issued in favor of the Illinois Grand Trunk railroad. The town attempted to avoid paying interest on the bonds, alleging that they were illegally issued. The basis of the court's decision was that no irregularity precedent to the issue, not even fraud on the part of the agents for the town, can vitiate the bonds in the hands of an innocent holder. The court applies the same rules to these bonds as are applied to

commercial paper.

THE Kansas City Times says of Senator Morton's desertion of Mr. PINCHBACK: The fact that "Pinch" had bought his election with money entrusted to him to buy the seat for another aspirant, was as well estab_ lished before his confession as after. wards, and as a reason assigned for Morton's abandonment of the case it is entirely inconsistent with his position in regard to prima facie rights. In the general scramble to get out of the Louisiana muddle, the man who ventured into it as the sharpest trimmer of them all hobbles out of it with the most ungraceful gait, and with the least credit to him-

THE Virginia Senate has passed the bill granting Petersburg a new charter, and there is no doubt entertained about its passing the lower house. The Petersburgers are consequently happy in advance. This charter promises relief from the long oppression of an incompetent government, and will give the rea! citizens of the town control of the affairs of the city-something they have not had since the beauties of recon-The prosperity of that city has been seriously retarded by the mismanagement to which she has been subjected, and we congratulate her citizens upon the probable release they will

obtain under the action of the Legis-

lature of that State. The election contest is now pro gressing in the British Islands. The county elections will occupy the first two weeks in this month, the borough elections will be through with by the 7th, and the full returns will probably be in the hands of the government by the 16th. The new Parlia. ment will assemble during the first week in March. Both parties are confident of success. England will doubtless give Mr. GLADSTONE a large majority; Scotland will stand by him almost as a unit, but the course of Ireland is hard to determine. It is thought the home rule will be the test question in the Greene Isle. It would seem, however, that that country owes but little to the author of "Lothair," and we may safely predict as a general result a victory for the Liberals and GLADSTONE.

ONE of the most important questions before the German Government to-day is the question of emigration. The number of Germans who have forsaken the Fatherland within the last few years has reached unprecedented figures. While from 1832 to 1739 the average number of German emigrants was only 12,000, and from 1865 to 1869 107,670, the number in 1872 rose to 215,000, and the number for the first half of the year just past is greater than that for the corresponding half of the preceding year. A great dearth of agricultural and other laborers has been the consequence; and the government has awakened to the importance of putting an end to the wholesale exodus, and the resulting loss to the country

of both labor and capital. It has been calculated that Germany loses on an average \$150 in money with every emigrant.

THE scientific world and the morbid curiosity of the public, it would seem, is to be gratified by an autopsy of the remains of the Siamese twins. A number of physicians from Philadelphia and elsewhere are now at Mount Airy with this view, it being understood that a handsome price will be paid the families of the deceased for this privilege. The Associated Press desired sending a repor-

desire to create a sensation, has sought to convey the impression that there was something wrong in the death of the twins, and has endeavored to force the Coroner of Surry county into making an examination into the

causes. Says the Herald: "It reflects infinite discredit on the authorities of Surry county, North Carolina, that no steps have been taken to hold an inquest into the cause of death of these men. The miserable and indecent desire of gain is no doubt at the bottom of this neglect; but there ought to be some decent people in the country who could insist on the authorities carrying out the law and inquiring what caused the sudden demise of two

human beings." This language is wholly unauthorized by the facts given to the public through the columns of the Herald itself, by its own correspondent, who stated that CHANG had been partially paralyzed for some months, that his health had been wretched, and that his physician had for some time considered his days numbered. That he should have died is only natural, and that Eng should have followed him should occasion no surprise-having been inseparable in life, is it strange they should have not been separated even in death? There is nothing to justify this suspicion, and we see no good to be accomplished in this effort to cast reproach on the living. We deem that the good people of Surry are satisfied of this fact, and the Herald should seek some other field for a marketable sensation.

The Supreme Court of the United States now stands as follows: Chief-Justice Waite, of Ohio; Mr. Justice Hunt, of New York; Mr. Justice Clifford, of Maine; Mr. Justice Swayne, of Ohio; Mr. Justice Davis, of Illinois; Mr. Justice Field, of California; Mr. Justice Strong, of Pennsylvania; Mr. Justice Bradley, of New Jersey. Officers of the Court: D. W. Middleton, Esq., clerk, of Washington, District of Columbia; John G. Nicolay, Esq., marshal, Illinois; and John William Wallace, Esq., Philadelphia, reporter.

New York must be in a bad way when her finest church serves as a receptable for stolen goods. A few daws ago, the safe of Trinity Church was found to contain, besides the records, sacramental service, etc., a number of articles that had been stolen from Brooklyn residences. Now the sexton has been arrested on the charge of complicity with the burglars. So the house of God has become literally a den of thieves.

Another masked burglar has been arrested in New York. Heis a negro, and confesses that he is one of gang-comprising whites and blacks of both sexes-who have visited the surburbs of that city and committed numerous burglaries while masked.

Never kick a man when he is down unless you are sure he can't get up.

Bolles cotton hoe manufactured expressly for us by the L. BOLLES HOE AND TOOL CO.,

BINGHAMTON, N. Y. These HOES are made of the finest quality of steel, by skilled labor. They are not made of ROLLED STEEL, but placed under naacor Modele Berkel, but placed under tac hammer, are highly polised and are noted for beauty and durability; in short they are as near perfect as they can be made. The shank is an improvement on the old style, being solid and neatly shaped. The blade is peculiar in form, and the handies made from white timber.

Every HOE is warranted perfect in stock, temper, finish and durability. We earnestly roquest those about making purchases for the coming season to examine them.

Sold only in North Carolina by JULIUS LEWIS & CO. Raieigh, N. C., or their Agents. Ask for the BOLLES COTTON HOE and see that the name is stamped on the blade

A branch road from Edgefield, on the Wilmington, Columbia & Augusta Railroad, in Sumter county, S. C., to the Pine House, is talked of. Friday was the sixty-fourth anni-

versary of the falling of several meteoric stones in Caswell county, a phenomenon which excited great interest at the time. Mr. Noah C. Effird, who was post-

master at Effird's Mills, Lorry Creek, Stanley county, on Saturday before last fell from the top of the screw of his cotton gin and was instantly kill-

Barney Lochlear, col., and Archibald Willis, white, while walking it the vicinity of Scuffletown, Robeson county, on Thursday last, were fired upon by an unknown party. Lochlear was instantly killed and Willis very badly wounded.

On Saturday morning of last week, Mrs. Nancy Saunders, living on Lower Broad Creek, Craven county, was suddenly taken with an epileptic fit and, falling into the fire, was badly burned. Her little boy gave the alarm, and assistance was procured in time to prevent fatal results.

The survivors of the Mexican war, living in and about the city of Wilmington, held in that city on Friday evening. Col. Fremont presided, and Maj. James Reilly acted as Secretary. A Committee was appointed to take steps looking towards a permanent organization, and Col. Ed. Cantwell was requested to act as President, and J. C. Lumsden as Secretary until such permanent organization could be effeeted. The meeting adjourned to meet again on Wednesday after next.

WHAT MANUFACTURING DOES. There is many a city and town that will appreciate the following: One manufactory employing a hundred men will support an additional five hundred people. Three hundred families will disburse annually, on the average, \$800, or \$75,000 in the This money will be drawn into the town from the outside, where the manufactured goods are consumed, and the interest of this \$75,000 at ten per cent. would be \$7,500. These hundred families, too, would require a hundred houses, thousands of pounds of agricultural produce, and thousands of yards of cotton and woolen goods, thus giving health and impetus to every branch

A dispatch from Kalamazoo, Michigan, says: "Last Friday evening the wife of Mr. J. B. Crum, living at 58 Persons street, gave birth to a pair of twins-a boy and a girl. The surprise of the parents can be imagined when, on surveying the party, the nurse held up the tiny pair of infants in the palm of one of her hands. They were soon after weighed, and the aggregate avoirdupois of the twins was three pounds and four ounces one of the pair weighing one pound and eight ounces, and the other weighing one pound and twelve ounces. They were less than eight inches long and perfectly formed."

A country fellow entered one of the New York banks, and, walking up to the counter, exclaimed, "Here I am; I want you to take a fair look at me." Without a word further he strode out. The next day the same customer reappeared, uttered the same words and again disappeared. The third day, at about the same time, he walked in, and, advancing to the teller's desk, threw down a draft payable three days after sight 'Now," said he, "you've seen me three times, I want the money for

Grace Greenwood, in a recent Washington letter, tells a little story of a family of Missouri "crackers," careless, shiftless, and intolerably lazy, the daughters of which were accustomed to go barefooted till the soles of their feet became hard like unto horn. One of the young ladies, on coming home one day from a long tramp in the rain after the cows, was standing on the hearth drying her cloths, when her old mother drawled out, "Sal, thar's-a-live-coal-un-der-your-foot." The girl slightly turned her head, and drawled back, "which-foot, mammy?"

The members of the Missouri legislature are described as the most honest looking set of men ever seen in a public body.

Prof. F. A. GENTH, Philadelphia, Professor of Applied Chemistry, University of Pennsylvauia Prof. P. B. WILSON, Paltimore, late Assistant to the great German Chemist, Baron J.

IMPORTED ONLY BY THE

GUANAHANI GUANO COMPANY. PETERSBURG, VA.

DIRECTORS:

PRESIDENT-MAJ. N. M. TANNOR, of Rowlett & Tannor.
VICE-PRESIDENT-ROBT. A. MARTIN, of Robert A. Martin & Co.
FRANK POTTS, of McIlwaine & Co.; C. R BISHOP, of Bishop & Branch; JOHN R. PATTERSON, of Patterson, Madison & Co.; DAVID CALENDAR; JOHN MANN; JOHN C.
ARMISTEAD; W. A. K. FALKENER.
WM. R. GRIFFITH, of Baltimore, General Agent. Petersburg, Va., December 17th, 1873.

To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt Containing, as it does, in such large amounts, the essentials for plant-food, succ-ss from its application would seem certain. It being of animal origin, you will see at once that its logredients must be all s luble in the s il. Its nitrogen from nitric acid, is the most available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the volatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect yours truly

ness of a thorough examination of the accompanies of the country. With respect, yours truly, WM. R. GRIFFITH, General Agent. THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

GUARANTEED ANALYSIS. Ammonia, from both Nitrogen and Nitric Acid.... ... 2 to 5 per cent. ... 25 to 50 per cent. LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA: Raleigh, N. C., January 7th, 1874. Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Peters

burg, Virginia:

Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Chemical Minerologist to the Geological Survey, and has no superior as a chemist. I have no hesitation in endorsing any analysis from his laboratory. And I think the analys s justifies his statement that the substance examined by him is a VALUABLE From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphorte Acid, Ammonia and Potash, that of the first being unusually high. Yours truly, W. C. KERR, State Geologist.

ANALYSES.

The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public: LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

Baltimore, December 1st, 1873.

Maj. N. M. Tannor, President Guanahani Guano Company, Petersburg, Va.:

Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it exceedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimilable by plants. It contains potential ammonia and nitric acid, having a combined Nitrozeo value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of sulphate of Lime. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tiliage, must, in my opinion, give as good results as any guano offered to the farmer.

Being of animal origin, the organic matter has undergone partial decomposition, and it recessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizer, which are compounded largely of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little or no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market. All of the components of this Guano are very soluble in the soil, and plassess such physical properties as to render it at all times and ut der all circumstances as in mediately available plant food.

The late samples you sent me for analysis, from the deposit which you inform meyon intend to ship from shows does not be propertied to ship from shows does not be such that the deposit which you inform meyon intend to ship from shows does not show the deposit which you inform meyon intend to ship from shows does not show the deposit which you inform meyon intend to ship from shows does not show the deposit which you inform meyon. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

available plant food.

The late samples you sent mef ranalysis, from the deposit which you inform meyou intend to ship from, show a decease in the phosphatic value, but a large increase in its nitrges compounds. I think, however, from orevious observations of carçoes, that you may reasonably expect, that cargoes taken from where these samples were drawn, will materially improved in the saline compounds, (phosphates alkalies and magnesia.

Respectfully, &c.,

P. B. WILSON, Analytical and Consuming Chemist.

...52,30 per cent.23.10 per cent. P. B. WILSON, Analyt. and Consulting Chem. Respectfully, etc., UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1873.

WEST PHILADELPHIA, 19th, 1873.

Maj. N. M. Taannor, Petersburg, Va.,
DEAR SIR: In compliance with your request, I have analyzed sample of "Guanahani Guano," and have made additional exam nation of an average sample from a lot of 300 tons, the result of which, I beg to embrace in the following. The Guano is a brownish powder, with lumps of combinations of lime with Carbonic. Phosphoric and Nitric acids, It confains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent. of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent. wa found. All the nitrogen present would be equivalent to about 3½ per cent. of ammonia. The phosphoric acid in the Guano, about 12½ per cent., equal to 27 3 per cent. of bone pho phate. A considerable quantity of the phosphoric acid, however, is present, as so-called neutral phosphate of lime, which, being slightly solved in water, renders the Guan as a quick in its action as a corresponding quantity of superphosphate would do. The small per centage of pot sh, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

F. A. GENTH.

CERTIFICATES:

E. T. WROTH, Esq., Baltimore, b.d.;

Dear ir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent. I did not apply any applied. other Guano. I applied
some Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appea ances of the crop indicated.
Please send me a bill for Guano, and I will send you a check.

1 * m, very truly, in haste, yours, &c.,

LEVIN WOOLFORD.

STATE OF MARYLAND, TREASURY DEPARTMENT, Comptroller's Office, Annapolis, September 29th, 1873.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873.

Mr E. A. DUNLAP,
Dear Sir: The extraordinary character of the season (a rain almost every day,) puts it
wholly out of my power te form an estimate of your Guano. The crops of corn and rutabagas to which it applied, look vely fine.

Yours, truly.

WM. SMITH.

Bethel Academy, Fauquier County, Va., July 21th, 1873. Mr. E. A. DUNLAP,
Dear Sir: I used your Guano on my wheat last fall, and I am highly pleased with it.
Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and
the bests and of grass I ever had, and this is the opinion of those who have seen both,
notwithstanding the unfavorable winter and early spring. I shall use it again this fall.
Yours. Yours, BENJ. F. SMITH.

[This crop of wheat, 28 bushels to the acre, was noticed in the Warrenton and Alexandria papers, as the finest crop in Mr. Smith's county.]

GUANAHANI GUANO!

GUANAHANI GUANO!

Baltimere, December, 1873.

Warrenton, Va., July 17th, 1878.
I used your Guano on wheat last year, and consider it equal to any guano I ever used.
pleases me well.
LEWIS SHUMATE.

Bethel Academ, Fauquier County, Va., November 12, 1873. E. A. DUNL*P. Esq.,
Dear Sir: If I could have made collections, I certainly would have used two tons o
the Guano you sent me this fall.
I consider it better for wheat than any other Guano that has been used in this county since the war. Respectfully yours,

Mr. E. A. DUNLAP,

Dear Sir: The Guano purchased from poul was used upon cern by the side of one of
the best ammoniated soluble phosphates in the market. The quality of the land was
the same as was the quantity of guano and phosphate used. The corn where the Guano
was used appeared to start sooner, and in the fall was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, &c.,

Late firm of Neale, Harris & Co, Commission Merchants.

We, the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 13th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your favor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fal. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field was generally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point,) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points at the same time, and on one of these occasions this particular parce-1 of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, I judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

WM. HENRY DECOURCY.

Baltimore, November 17th, 1873.

E. A. DUNLAP, Esq.,

T e Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre. Of E. D. Hoopes & Co., 226, 228 & 230, Penn. Averue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c.

Somerset County, Md., Westover, August 8th, 1873. Pear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of * * * * * 's Raw Bone Super-Phosphate, at the rate of 150 lbs. to the acre, of each. Whilst growing, I nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as * * * * * s, in every respect. Please inform me the price, as I intend using some on wheat this fall. E. T. WROTH, Esq., Baltimore, Md.,

Very respectfully yours,

THOS. SUDLER. Mount Airy, Carroll County, Md., November 13th, 1873. Mount Airy, Carroll County, Md., November 13th, 1873.

WM. R. Griffith, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guano. But Maj A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can see no difference in their grain wherever it is up sufficient
to judge. By the pring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,
I am. truly yours.

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Va., November 15th, 1873.

W. R. Griffith, Esq.,

Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Guaso, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October. I was very coreful in the application, leaving two strips of land through the field; one of an acre, the other two acres. The one acre strip was manured with *** ** Phosphate. The two acres strip was in tobacco, heavily manured with stable manure and *** ** *

Tobacco Fertilizer. I : 180 added a strip of very poor land (stubble) on one end, three-fiths of an acre. Upon this I applied 100 lbs. of Guanahani, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sewn upon this three fifths sirip.)

The season has been favorable, and the young wheat is looking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied hat the Guamo is acting upon this strip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, bu will carciully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES. San Marino, Dinwiddle Co., Va., November 15th, 1873.

Kingston, Dinwiddie Co., Va., November 26th, 1873.

Messrs. Rowlett & Tannor,
Dear Sirs: In reply to your inquiries in regard to the Gusnahani Guano, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wneat. So far, I am vary much pleased with the Guano. Where I used it, the wheat looks bette than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainly over the wheat where there was nothing used.

Very respectfully,

JOHN J. MITCHELL.

[Note.-Mr. Mitchell has since ordered 10 tons for his Spring crops] Millstone Landing, Md., December 1st, 1873.

Mr. E. A. DUNLAP,

Dear Sir: I am just in receipt of your letter, but regret that I did not receive it sooner.

I used your Guano side by side with * * * * * 's Ammoniated Super-Phosphate, and could perceive no difference, only in growth of the straw. The straw from * * * * * 's rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable fer tilizer.

Very respectfully, ELKANAH WISE.

Messrs. McIlwaine & Co., Petersburg. Va., Gentlemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 300 lbs. per acre, on corn land. The wheat is looking well. I think it will prove a good fertilizer. A. M. ORGAIN. Sussex County, Va., December 12th, 1873. Sussex County, Va., December 12th, 1873.

Messrs Rowlett & Tannor, Petersburg, Va.,

Dear Sirs: I used on my wheat, sowed about the 1st of October, a half ton of Guanahani Guano, and s far I am very much pleased with its action. Where I used the
Guanahani the wheat is look ng remarkably well—a great deal better than the wheat

Very respectfully,

Dinwiddie County, Va., November 21st, 1873.

Prince George County, Va., December 18th, 1873. Messrs. Bishop & Boanch,
Sirs: You ask no my or inion of the Guana hani Guano I puechased of you last fall.
I used the suano on my wheat, but owing to the unfavorable fail for the growth of wheat, it would be imposs be for any manure to show its strength fully. Fowever, I think the guan oa good ertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully,
A. G. JORDAN.

WM. R. GRIFFILH, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.
Yours truly,
SAMUEL H. JONES,
Prince George County, Va. Broad Run Station, Fauquier County, Va., December 4th, 1873.

Mr. E. A. DUNLAP.

Dear Sir: I let one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gation; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The learn I tried it on was quite thin. the strength seemed to go to stren

Poplar Mount, Greensville County, Va., December 17th, 1873. Mesors. Rowlett & Tanner.

Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani Guano, so far?"

In reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the agre. I used the same quantity (200 pounds) on winter oats. The wheat was not sown until about the 20 h of October, but has already a healthy, vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the sup rephosphates.

The winterowits we estewn the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former d ys, when, for a moderate outlay of money, the farmer purchased the pure Chinchs Island. (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacco.

I am, very truly yours,

GEORGE W. FIELE. Mesers. ROWLETT & TANN

GEORGE W. FIELT. The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount. As it will be impossible to bring but few thousand tons to this country in time for the

spring irade, orders must be sent at an early day to secure it. For further information apply at the cflice of the GUANAHANI GUANO COMPANY, PETERSBURG, VIRGINIA. N. M. TANNOR, President. ROBT. A. MARTIN, Vice-President. WILLIAM R. GRIFFITH, General Agent.

Adams' Express Company and the Mails Robbed. Sr. Louis, Feb. 1 .- As the train on the Iron Mountain Railroad which left here at 9:45 this morning came in sight of Gold Hill station, 120 miles below this city, at 4:30 this afternoon, a switch was turned and the train run on a side track. As the train stopped Conductor Alfred stepped off

to ascertain what was the matter, when he was confronted by a man wearing a mask, a pistol placed to his head and he was marched off. The engineer, firemen, mail agent, Express messenger and other train men were seized by five masked and heavily armed men and also placed under guard. The robbers then went through the entire train and took from the passengers about \$2,000 in money and a large amount of jewelry. They also took from the Adams Express Company about \$1,000

and rifled the mails. The rob-bers then left in a southerly direction and after the release of the train men the train started south. The robbers left a note on the train which is now in the possession of Conductor Alford. The following is a copy:

"The south bound train on the Iron Mountain Railroad was robbed here this evening by five heavily armed and masked men of ---- dollars. The robbers arrived at the station a few minutes before the arrival of the train and arrested the agent and put him under guard. They then threw the train on a switch.

"The robbers were all large men, none of them were less than six feet They were all masked and started in a southerly direction after they had robbed the train. All were mounted on fine blooded horses. There is a "hell" (?) of an excitement in this part of the country. Signed, IRA A. MERRILL."

The robbers offered no violence to any one on the train, and did no harm to the train men.

The Kansas Senatorial Election. TOPEKA, Feb. 1.—In the joint session of the Legislature to-day for the election of a United States Senator. the ballot stood as follows: Stoner Plumb 25; Phillips 16; Harvey 22: Hudson 18. The rest scattering.

NOON DISPATCHES. FROM NEW YORK.

Cuban News-Heavy Fire-A United States Minister Insulied.

NEW YORK, Feb. 2.—The Cubans in this city have received, by mail, particulars of the capture and execution of Col. Mantaner, a Spanish commander. The Colonel was with six hundred men conveying a train which was attacked and captured. Mantaner was also taken and his troops dispersed. He was marched to the headquarters of Gen. Games, who at once ordered him to prepare for death, and soon afterwards he was shot. Mantaner was recognized as especially severe to Cuban prisoners. Judge Busteed, and referred to the shooting of Spanish soldiers captured near Puerto Principe.

Yesterday at South Jarwalk the old well" hotel, a summer resort of Hopkins, a livery establishment including carriages and 16 horses, and the News' office with most of its contents, were burned. The loss is seventy-five thousand dollars. The fire, which is believed to be incendiary, was first discovered in the livery stable, one "Slaven," seen to be strowling about the premises has been ar-

rested on sucpicion. At Bargota, the resident minister of the United States, Mr. Scruggs, while in the presence of the religious procession which was passing, refused to take off his hat and thus became exposed to some insulting treatment by some of the boys in the crowd. who regarded Scruggs, refusal as a deliberate insult to the religion of the

FROM PHILADELPHIA.

Another Strike-A Bank Closed by the United States Court-its Condition, etc.

PHILADELPHIA, Feb. 2.—The ship rpenters and caulkers are now on a strike. They have determined to make direct contracts for repair of vessels as well as building. They guarantee that all work shall be done in a first class manner, as they are composed of skilled mechanics of every ship yard in the city. Their offer is as follows: Bills for materials to be presented as purchased without adding profit to same wages, four dollars per day as owners have been paying heretolore to the firms; every article need to be weighed or measurep by captains or owners and nothing charged but what is squarely and honestly in need. The Franklin Saving Fund closed

this morning, displaying a placard print as above. "closed by order of the United States"

For further in Court." A large number of people had money in this institution, from the fact that it allowed a larger rate of interest than most other Saving Funds, and many of those have felt the panic with greater severity in consequence of their failure to obtain money due them. The Church of the Holy Trinity Institution for the Blind, and a large number of children had funds in the institution, and it was in the interest of the latter that the suit was brought. About the first of October, the Board of Directors adopted a resolution enforcing by law, which provide for a notice of three months time for the withdrawal of sums exceeding \$300. Depositors who had previously given notice of withdrawal, were unable to obtain funds, and were compelled to again give notice, and now will be delayed by being placed in bankruptcy.
